

# Viewing the Home Screen

Once you have set up your tablet the first screen that you see will be the Home screen. This is also where you will return to when you tap the Home button from an app (see next page). The elements of the Home screen are:

There is also a **Quick Settings** area that can be accessed by swiping down from the top of the screen.

On different models of Android tablet, the Navigation buttons and All Apps button may be located in a slightly different position. The appearance of the Home screen may also be slightly different, depending on which apps the manufacturer wants to appear by default on the Home screen.
