

Editing your contact info

As you make your way down the sections of your About page, you should pay special attention to the **Contact and basic info** part. Here, you are able to:

- Input your mobile phone number and home address.
- Add your website and other social media accounts.
- Make alterations to your date of birth.

Adding contact information

- 1 On the About screen, click **Contact and basic info** on the left-hand menu
- 2 Click on the links for **Add a mobile phone** and **Add your address**
- 3 Input your details, but click the **Friends** button and choose who should be able to see the information from the list
- 4 Click **Save**

Adding a website and social link

- 1 **Add a website** lets you input a web address
- 2 **Add a social link** lets you link to other social media profiles including Instagram, Twitter and WhatsApp
